Student Name	Stanton Bright Futures and/or CAS Documentation Log
Student Number	

When it comes to documentation of hours, the Florida Bright Futures Scholarship Program is focused on authentic service hours performed, while the International Baccalaureate is more concerned with the reflection instrument. That said, BOTH programs require adequate evidence to verify that a student has done the hours logged. If you are logging IB CAS hours, you must use this sheet only for each specific activity—you cannot use the back of this sheet to reflect on several different projects with different goals.

Circle **C** for **Creative**, **A** for **Active**, or **S** if you are doing **(Community) Service** of any kind. IB students counting the same activity toward different categories must divide the hours accordingly. For example, if a student logs 40 hours for Multicultural Extravaganza and would like to count 10 for Creative and 30 for Active, he/she needs to write "10" beneath the letter C in the far right column and "30" beneath the A.
